

Primary 1/2 Newsletter: Term2

Confident Individuals ❖ Successful Learners ❖ Effective Contributors ❖ Responsible Citizens

Welcome to our termly 'Class Newsletter' which aims to give you a little more information about what your child will be doing this term. We hope that you find this newsletter helpful and informative.

Welcome to Primary.....

Welcome back to our exciting Christmas term. We hope you have all had a lovely autumn break. We have a busy term ahead and we hope to make it as fun as possible leading up to the Christmas period. During the first week we focused on Health and Wellbeing, reminding the children on topics such as class rules, who can help us and road safety. We also reminded the children about our present daily routines and hygiene rules in the class, school and bus.

As the weather gets worse this term could you please ensure your child has suitable footwear and clothing every day for playtime and lunchtime. We hope to take the children outside for activities as much as we possibly can to use our outdoor learning environment.

Homework

- All children will have reading homework about 4 times a week. (This can vary depending on class activities.)
- P.1 and P.2 Children have their literacy homework in their jotter already and on Google Classroom on a weekly basis. The sound cards can be used as flashcards to help your child recognise their sounds. They can also be used to practise blending sounds together to make words.
- We are really enjoying seeing all the homework submitted on Google Classroom, well done everyone.
- This term your child may also have maths or topic homework given on a Monday for the Friday.

This Term we aim to!

Develop the children's understanding and skills of 'Electricity'. This term we are focusing on the different forms of power and how it is made. We will be looking at the history and dangers of electricity and how it affects us. If you, or someone you know, can help us with this topic or may have items/books we could use, we would be delighted with any help.

In Maths we will revise numbers to 10, 20 and 100 and develop our understanding and skills of addition to 10, 20 and beyond. The children will also be learning about Data & Analysis.

In Literacy we will be focusing on:
 P.1 Recognising and writing sounds and common words and reading sight vocabulary. We will aim to increase the amount pupils can write independently and sound words out to attempt spelling in writing.
 P.2 Recognising and writing blends in words and learning common words and using this knowledge in our writing to achieve clever spelling. We are going to be using reading strategies to attack new unseen words using expression and punctuation.

In French we will be focusing on numbers and Christmas there are songs on "Alain Le Lait" website.

In R.M.E. the children will be learning about Bible stories from the Old Testament and about Christian festivals, including Christmas.

Timetable

	P.E.	Spelling H / W	Reading H / W	Library	French
Mon		*	*		
Tues	*		*		
Wed					*
Thurs			*		
Fri			*	*	

- (P.E. and French will both be with the class teacher)
- The children will only take their jumpers off for P.E. (no changing required)

How to help

In these very difficult times, you as parents are all doing a fantastic job and we would like to thank you for all the support and work you are doing with your children.

As a little reminder Homework should be a valuable, fun learning experience, therefore please help your child choose the best strategy for them, to ensure your child can gain the most from the activity.

Remember to try some of the active tasks these can be just as beneficial as sitting writing the words out. We all have our own preferred learning style. Should you have any questions please do not hesitate to contact us at the school or by email.
